## ***College Background:***

Sankardeva Mahavidyalaya was established at Pathalipahar in the year 1982 by the efforts of local inhabitants who felt the urgency of an institute of higher education in the locality. Pathalipahar, a rural tribal sub-plan area, is located at the border of Assam and Arunachal Pradesh as a centre of integration. In spite of utter backwardness of the area and poverty of its people, this college has been striving towards an advancement and progress in all directions since its inception. This is a single faculty i.e. Arts College imparting higher education in nine subjects of Social Science and Humanities to the poor and needy students for whom higher education is a dream and beyond reach. We have already done a lot by the assistance of UGC and other sources.

The college, in its endeavour towards better academic environment, has a UGC Network Resource Centre and Computer Centre conducting two certificate courses viz. of three months and one year respectively. We have built a well furnished library and procured a good number of books. We have two vocational courses- one in Functional English (Sanctioned by UGC) and the other in Computer Application. We have built an auditorium measuring 125 X 45 sq.ft. by the grants-in-aid from Planning and Development Govt. of Assam

and a Mini museum measuring 1800 sq.ft was built by the grants-in-aid from the Department of WPT&BC, Govt. of Assam.

The college has an “Information and Career Guidance Cell” (ICGC) to provide information to the students about different courses, admission procedures, formats and advertisement of jobs in various sectors. The college has established separate centre for specialized study, research and development of folk-art, oral-tradition, culture and preservation of age-old religious scriptures. These two centres are Sankardeva Study and Research Centre and Tribal Development Centre.

The college has a band of young, energetic and enthusiastic teachers who are actively participative in both academic and community oriented activities. That is why we have already organized National Seminar and number of National environmental awareness campaigns, AIDS awareness campaigns, Medical camps etc. The college is a member of Sydney based International NGO “Clean-up the World”. The college had applied voluntarily to NAAC for Assessment and Accreditation. The NAAC Peer team visited the college and made thorough supervision on the basis of SSR prepared by the college. After being satisfied, the NAAC awarded “B” Grade to us, which is another milestone in the history of this rural college with limited resources.

It is our immense pleasure that the college has already crossed its silver jubilee year, so we celebrated our college silver jubilee celebration from 18<sup>th</sup> Dec’08 to 20<sup>th</sup> Dec’08. Colourful programmes were displayed and several dignitaries attended in the open session of the closing ceremony.

The “Manuscript” which itself means “a hand written documents by the author”. In ancient Assam, i.e. in 15<sup>th</sup> century onwards, the great philosopher and religious leader Smt. Due to lack of proper preservation, those Manuscripts are totally or partially damaged.

Keeping all these view in mind, Sankardeva Study & Research Centre established in our college to collect and preserve the manuscript for further research.
